

CAPABILITY STATEMENT

"Reliable Lifting Solutions"

About Us

Modular Cranes is Australia's trusted name in lifting systems for over 25 years. Our solutions are tried, tested, and refined through decades of industry experience from overhead cranes to gantries, jibs, and hoists all engineered for performance, safety, and reliability. Our modular approach ensures the perfect fit for your facility, saving you time, space, and money.

Our Core Strengths

Decades of Proven Design: No off the shelf fixes just time tested, purpose built systems that boost safety and uptime.

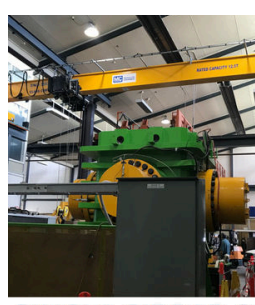

Unmatched Quality: We don't cut corners just top shelf Australian steel, spot on machining, and a rock solid highly experienced fabrication & service team.

End to End Support: In house design, install, certification and servicing done right the first time, every time.

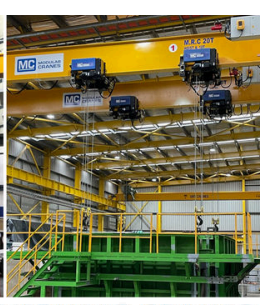

What We Do?

JIB CRANES

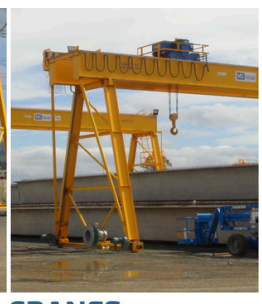

SINGLE GIRDER OVERHEAD CRANES

ADVANCED HOISTING SOLUTIONS
